

Thinking about a pond?

Expanding a pond?

Wanting to learn about ponds?

The Annual Parade of Ponds is a self-guided tour for people to see ornamental ponds, water features & landscapes at their finest.

There will be many homeowners in Lake County that will open their beautifully landscaped yards to share their water gardening projects. The tour is set up to give the landscape enthusiast ideas for current and future projects, or just for the appreciation of water gardening. You will have a chance to see many relaxing atmospheres coordinated within homeowners' landscapes, such as custom-built waterfalls & streams, schools of colorful fish, hardy native water plants, exotic tropical plants, pondless features and all the surrounding landscapes.
